The Train Robbers Supposed to be in Tucson.

OREGON ASKS FOR RELIEF.

Proclamation Announcing No More Smallpox—Twenty-Five Mile Horse Race.

Associated Press Dispatches to the Herald.

SAN FRANCISCO, April 30.—The latest information concerning the Papago train robbers is that a man named Cook has been found in Tucson who claims to know all the men implicated in the robbery. He states that a short time ago he was asked to conspire with these men to rob the train, but refused, and that the plan then proposed was precisely like that carried out. Cook furnished the officers with the names and full descriptions of all the five desperadoes, and stated they were all in concealment in Tucson. The officers refuse to divulge their names, but say that the men are located and cannot possibly escape. Every exit from Tucson is closely guarded. The leader of the robbers is named Swan.

CAPTURED AND KILLED.

Peter Olsen, Murderer of Mrs. Lyons, Shot at Bakersfield.

BAKERSFIELD, April 30.—About three weeks ago a man who stated he was hunting for land made his appearance near Paso Creek, at the foot of the Sierras. His actions were suspicious and he was closely watched. Many men living near the creek became suspicious that the stranger was none other than Peter Olsen, the murderer of Mrs. Lyons, in Napa, February 29th. Aleck and Jefferson Carver, two brothers, procured a warrant for Olsen's arrest. They invited him to breakfast at their house and saw that the description of him which they had, tallied with the stranger. The two brothers decided to attempt Olsen's arrest.

At the cabin where he slept. Accordingly, shortly before noon on Friday, in company with R. Bowen, they arrived at the cabin. They were armed with shotguns and pistols. He was found clearing ground for a garden. Aleck Carver called on him to throw up his hands, as he had a warrant for his arrest. The three men then covered Olsen with their weapons and the latter seized his axe and endeavored to throw it at Jefferson Carver, whereupon the brothers both fired. Olsen received both charges in the neck and breast, fell to the ground and expired in a few minutes. His body was brought here last night and fully identified.

OPINION OF THE BOON.

Business Done at Fourth and Townsend Streets, S. F.

SAN FRANCISCO, April 30.—The land office of the Central Pacific Railroad, under the direction of W. H. Mills, has done a more satisfactory business during the month about closing than any preceding month in two years. There were a greater number of sales during April in California lands, with fewer sales in Nevada. Eastern people are among the purchasers. Home-seekers and many Eastern people are among the inquirers. Eastern people are now inspecting various portions of upper California, equipped with plates, pamphlets, etc. The encouraging feature is the large proportion of Eastern people of some means who are inspecting not only railroad but other lands, with a view to purchasing.

CALIFORNIA DEMURS.

And Objects to the Tax on Drummers.

SAN FRANCISCO, April 30.—A meeting of the Board of Trade was held yesterday to take action on the question of the commercial travelers' license in the State of Nevada. A communication was read from the secretary of the Board of Trade at Sacramento, in which it was stated that the members of the Board are under the impression that the recent decision of the Supreme Court of the United States declares unconstitutional the imposing in one State of a tax upon citizens of another for soliciting trade and patronage in another. At any rate, they think that the sums exacted by Nevada officials from travelers for California business houses, are illegal, extortionate, and that they are not warranted by any law, and can be honestly and legally avoided.

After the reading of the letter a discussion ensued. It was finally agreed that a test case was the only solution of the difficulty. President Sanderson will shortly call a meeting of all the San Francisco merchants who pay license for their travelers in Nevada, as well as all members of the Board of Trade, whether they do business in that State or not. Action will be then taken in co-operation with the Sacramento Board.

RAILROAD VINDICTIVENESS.

Interesting Investigation in New York—Kentucky Horse Sales—Bernhardt Coming.

Associated Press Dispatches to the Herald.

WATERVILLE, Me., April 30.—Rain has been falling for thirty-six hours and the water in the Kennebec river has risen to a greater height than has been known for sixteen years. Two million logs at the Somerset mills have broken loose and floating to sea. Many buildings along the river bank are afloat, and the water is still rising at the rate of six inches per hour.

A WATERSPOUT ASSISTS.

PETERBORO, N. H., April 30.—During the heavy shower yesterday afternoon a spout burst on Fairbanks hill, west of Peterboro, and caused the most damaging washout ever known here. Water came down in sheets, covering the hills, and upon reaching the streets swept everything before it. Large rocks weighing two tons, were washed from their beds and left in the streets.

MORE OF IT.

FAIRFIELD, Me.—The greatest freshet since 1869, prevails here, and the water is still rising.

VINDICTIVE TRUNK LINES.

The Pennsylvania Railroad Boycotts the Western Companies.

NEW YORK, April 30.—The Commercial Advertiser says: The refusal, to-day, by the Pennsylvania Railroad, to sell tickets to accredited Agents of the Western railways is regarded by the Ticket Agent, G. G. Lansing, as the beginning of a war for supremacy between the Trunk Lines and the Western Companies. Mr. Lansing says the Pennsylvania Railroad's action is a practically a boycott, and it is one of the results of a meeting of the General Passenger Agents in this city, yesterday. The Pennsylvania, which always takes the initiative in such matters, will be joined, he thinks, by all the other Trunk Lines.

OTHER FEATURES OF THE TROUBLE.

NEW YORK, April 30.—The Evening Post says the fight between the Western and Eastern railroad companies, about the payment of a commission for the sale of tickets, continues in a quiet but dogged sort of way. The trunk lines yesterday ordered tickets of the Atchison, Topeka and Santa Fe and Hannibal and St. Joe railroads to be taken off, and that means, if the order is carried out, that no tickets can be bought at any trunk line office to Kansas City or any point in Kansas, as Colorado, Mexico or California (by way of Kansas City) passengers can only be able to buy such tickets at the offices of the Western roads, or of their agents. The Chicago and Northwestern is still paying commissions, but their tickets are still kept on sale by the Trunk Lines. The Pennsylvania this morning issued orders to agents not to sell tickets to Chicago or St. Louis to any representatives of Western roads. Western men, of course, will send all the strangers they can by some route other than the Pennsylvania, and they think the latter will be the loser by its action. The only outlet to the West that the Eastern Trunk Lines now have is by the Chicago and Northwestern. Western roads are sending passengers by Ontario and the Western Chesapeake and Ohio.

OFFICIAL INVESTIGATION.

Is it a Crime to Use Money to Bribe Public Officers.

NEW YORK, April 30.—The Brooklyn Investigation Committee met here again to-day. Henry W. Pope resumed his testimony. He said he was not willing to testify before the committee because it would involve his personal friends, Edwards and Nevins were two of his friends. When asked if he thought it a crime to use money for bribing public officers, the witness said he thought the scheme a public necessity. Chas. Nevins, one of the originators of the Electric Light Company in Brooklyn, declined to show his bank book on the ground that it was his private business. He was ordered by the committee to the witness stand at the next meeting with all his books and papers relative to the time covered in the questions. Chief Nevins was examined. He admitted having received checks from Pope, Sewell & Co., but said they were in return for work. He denied any corrupt use of the money.

Some half dozen colts and fillies brought \$800 or more. Among the noted turfmen present were J. B. Mackay and L. W. Shippey, of California.

BERNHARDT COMING.

I thought to receive here audiences like those of New York. They told me so, but it is not so." Mme. Bernhardt proceeds from here to San Francisco.

COAST BOUND PASSENGERS WRECKED.

The Seventh U. S. Infantry in the Smash-up.

CHICAGO, April 30.—The Times Steele, Dakota, special says: The west-bound Pacific express on the Northern Pacific, jumped the track to-day at about 1 o'clock, twelve miles out of this city, near Driscoll Station, and precipitated five out of its six cars into the ditch. The train was running on a heavy down grade at the time, and the heat of the sun, which has been something unusual here at this season, had warped the rails. The engine and express car passed over in safety, but the five cars following left the track and turned upward in the ditch. Two of the coaches were loaded with two companies of the Seventh United States Cavalry, en route for Fort Yates and Guilford; the other three cars were filled with emigrants and first class passengers, mostly bound for the Pacific coast.

KILLED AND WOUNDED.

Following is a list of the killed and wounded: Killed—W. O. Breed, of Fairbank, Minn. He was accompanied by his wife and two children, and was standing on the platform talking to Chas. Stanley, of this city, when the crash came, and in attempting to jump he was caught by an overturning coach and crushed to death. Stanley escaped injury by jumping off on the opposite side. Breed's family were not injured. The wounded are: C. H. Gray, of Ellsworth Falls, Maine, cut on the arm and head; Miss Gertrude Hill, of Bozeman, Montana, badly hurt internally; H. H. Schobell, Superintendent of the Northern Pacific, Tampabay Lines, leg badly smashed and doctored; McCarthy, of the 2d Cavalry, at Fort Yates, was cut on the shoulder and collar bone; H. Scott, of the 7th Cavalry, at Fort Buford, had his jaw broken; Albert Wolf, 7th Cavalry, Fort Yates, and John Kelly, Fort Buford, were injured internally, but not seriously. The dining-car and sleeper remained on the rails. It is surprising under the circumstances, that a score of people were not killed.

FREIGHT RATES HIGHER.

Leastwise Commercial People Think That Way.

CHICAGO, April 30.—The Inter-Ocean to-day prints the result of interviews with the heads of representative wholesale receivers and shippers of grain and provisions, which develop some interesting information as to the practical operation of the Interstate Commerce law. The one point upon which they all agreed was that freight rates are likely to be permanently higher under the new conditions, and that the cost of the commodities must pay this increase into the treasury of the railroads. Some hold, however, that compensating advantages will be derived from the enforcement of the short and long haul section and the unjust discrimination cause is sufficient to more than offset the increase in charges. In many instances, too, the advantage of advances in freight rates cut no figure in the prices of goods which weigh very little in comparison with their values. Still, there is an undesirable advance thus far, and the increase in charges expended in freight charges by jobbers of these goods, of fully 20 to 25 per cent, and their business with the Pacific coast is practically obliterated under the law. The attitude of the railroads toward the law was almost universally condemned.

LOUISVILLE GETTING QUIET.

But They Hang Negroes Near By.

LOUISVILLE, April 30.—Everything is quiet this morning about the jail and the court house square. The meeting agreed upon by the mob leaders failed to materialize, and it is generally believed that all danger of mob violence has passed. Turner and Patterson passed a miserable night. They refused to eat and could not sleep with any peace. When the prisoners were told that the militia and galling gun had appeared, they grew quiet and rested under a feeling of safety. The statement published by one of the morning papers indicating that Patterson was able to prove an alibi is not generally believed. It is strongly contradicted by another story told by Patterson a few days ago.

STUNG BY NEAR LOUISVILLE.

PROCTOR, W. Va., April 30.—The bodies of three negro brothers, named Sylvester, were found hanging to a tree on the roadside six miles east of here yesterday. Each body bore a placard on which was written: "Nigger thieves must be broken up." Farmers in the neighborhood have suffered depredations at the hands of unknown persons, and it seems they finally settled on the Sylvesters as the guilty ones. These negroes lived a comparatively comfortable life, yet scarcely ever did any work. No arrests have been made.

GENERAL NEWS.

Lamar in Perfect Accord with Cleveland.

THE FRENCH BUDGET.

Bismarck Expects the French to Behave Themselves—Steamer Wrecked, Laden with Oil.

Associated Press Dispatches to the Herald.

WASHINGTON, April 30.—Secretary Lamar said to-day that perfect harmony of views exists between the President and himself in the Guilford-Miller homestead case. There is also perfect co-operation between the Department of the Interior and the President as to his land policy, which, he said, looks to the administration of the land laws with reference to the promotion of the great object for which the system was established.

THE FRENCH BUDGET.

Bismarck Expects France to Behave Better.

BERLIN, April 30.—The budget committee in the Reichstag to-day, adopted in the form proposed by the government the estimates for construction of barracks and hospitals; also the vote for strategic railways, for increasing the efficiency of the army, and the loan bill. When the Reichstag resumes business on Thursday the committee will proceed with their report approving the whole budget of proposals of the government, excepting the artillery grant. Some discussion occurred over 52,000,000 marks devoted to rendering the army better prepared for light, and suggestions were made to reduce the vote of 68,000,000 for strategic railways, but these ideas of economy were overruled by a conviction that collision with France cannot be long postponed; for the release of Schnaebelen only modifies the position.

So far as justifying Prince Bismarck's diplomatic position in demanding the cessation of French official excitement to revolt in Alsace-Lorraine, and the stoppage of an organized system of espionage throughout Germany, he has good claim to demand that France shall cease from official intrigues in German provinces. It is believed that Prince Bismarck is about to make urgent representations that, having proved his good will in the Schnaebelen case, France must now stop its offences against international law by ordering her officials to refrain from fomenting treason in Alsace-Lorraine.

EUROPEAN GOSSIP.

Political and Matrimonial Manipulations.

BERLIN, April 30.—During the visit of the Queen of Saxony to Brussels, a marriage was arranged between Prince Boudoin, eldest son of the Count of Flanders and nephew of King Leopold, and Princess Mathilde, eldest daughter of Prince George Duke of Saxony, and niece of King Albert of Saxony, to take place on the 3rd of June, when Prince Boudoin attained his majority. King Leopold will then proclaim him heir to the throne of Belgium, with the title of Duke of Brabant.

It is intended to show the development of Art in the Austrian domains during the Emperor's reign. A committee of Vienna artists will have charge of the exhibition.

WHITNEY IS BUSINESS.

He Cannot be Sentimental Over the Hartford.

CHICAGO, April 30.—In connection with the attempts of Californians to save the Hartford, Washington dispatchers say that Secretary Whitney says that he must consider the subject in its business and not its sentimental bearings. That is just the way in which San Francisco people are considering it. If the Hartford was lying at any other navy yard there would be no delegation here from San Francisco begging a new lease of life for the old hulk. It makes a heap of difference where the \$350,000 or \$400,000 required to repair her is to be spent.

PROPOSED TROTTERING CONTEST.

New York, April 30.—J. H. Temple, with W. H. Crawford, met Nathan Strauss yesterday and entered into an agreement to trot Strauss' bay gelding Mojica, whose record is 2:15, against the California bay gelding Arab, whose record is 2:17, a match for \$3000 in addition to added money that may be received from the Association owning the track where the race takes place. Details as to the date and place are yet to be arranged, but an effort will be made to have the race trotted over the track of the New York Driving Club some time in June.

NORTHERN PACIFIC WRECK.

STEELE, Dak., April 30.—A passenger train on the Northern Pacific road jumped the track 100 miles west of here this morning. Report says several passengers are badly injured. A relief train has gone to the wreck.

RAILROAD EMPLOYEES INDICTED.

PITTSBURGH, April 30.—True bills were found to-day against 130 of the Pan-handle railroad employes, arrested on the charge of robbing freight cars. The cases will probably come up for trial some time next week.

EXPENDING ELECTION MONEY.

Vague but Suggestive Evidence Taken in New York.

CHICAGO, April 30.—A Charleston W. Va., special says: An official investigation was begun to-day into charges made at the close of the session of the Legislature of that State that Senator Minnear was influenced for a consideration to vote for the re-election of Camden, Democrat, to the United States Senate. Senator Minnear testified that, as a personal friend, he had visited Minnear and learned that a letter from the Republican Central Committee had been sent to Republican members of the Legislature, alleging that Camden was using money to secure his re-election. A copy of this letter he had offered to Camden, and also to United States Collector McGraw, for a consideration; but, when told by him that a copy was useless, he again visited Minnear's home, and

PERJURED THE ORIGINAL LETTER.

a facsimile of which was published in the Wheeling papers. Witness further testified that he came here and bargained with three members to vote for Camden, in consideration of \$5,000. The money, he said, was raised by Republicans, whose names he refused to give. The votes were to be cast on a given signal from him, at a stated time. Camden, however, said to witness: if three men voted for him, he, Camden, would prosecute them and Roger; so the signal was not given, and the votes were not cast. Witness once more

REFUSED TO DIVULGE THE NAMES of the parties furnishing the money, but said Camden was not one of them. When asked what he received for the famous letter which was published, Witness said he received his expenses, and Collector McGraw gave him thirty dollars, and later at Washington twenty more. Witness said he has "spells" after which he is bright, but at other times he is dull and stupid. He did not know of the twenty dollars given him in Washington, until the next day, as it was put in his pocket by McGraw. Camden did not come to him. McGraw promised him an annual pass over the Baltimore and Ohio railroad, which he has not yet received. The committee adjourned until Monday.

Witness Roger, is subject to epileptic fits, and has one after the examination was concluded. His acquaintances allege his testimony to be unreliable.

WILL OF ALEX. MITCHELL.

His Magnificent Bequests to Relatives and Charity.

MILWAUKEE, April 30.—The will of Alexander Mitchell, the millionaire banker, was made public to-day. No approximation of the value of the estate is made, and the terms of the will avoid filing the inventory, so that the exact wealth left by Mr. Mitchell will never be known. It is believed to be worth \$15,000,000 to \$25,000,000. The entire property, real and personal, is left to his only son, John L. Mitchell, after deducting the following legacies: Mrs. Martin Mitchell, widow, and Mrs. E. J. Mitchell, aged \$500,000 and \$300,000 annually; David Mitchell, grandson, \$10,000; Mrs. Isabella McKie, niece, \$25,000. necessary to have any measure for decision submitted to the Legislature of California. The consent of the State has already been given. The Legislature of 1886 passed a law submitting the question of division to a vote of the people. A two-thirds affirmative vote was required. The vote was almost unanimous. The first official act of Governor Latham was to certify the law and the result of the vote over to Congress, and it is only necessary to have the documents called up when we are ready to assume Statehood. This law was submitted to the best legal firms in this city six years ago for their opinion as to its present validity and status. They all gave it as their opinion that the law was valid today for the purpose for which it was passed as it was at the time it was ratified by the people, and that we had to do at any time was to knock at the door of Congress with a constitution consonant with the principles required by the Federal Constitution, and ask for the sanction of that body to the division of the State and the erection of South California into a new Commonwealth. But, let us admit for the sake of argument that the lapse of time has rendered it advisable to secure again the consent of the Legislature to State division. The difficulties are not serious. The census of 1880 will give us the right to a greater numerical representation in the Legislature than the northern counties now have. Knowing that the handwriting is on the wall, our northern friends will be prepared to accept the inevitable and let us go. The agitation of division will be through the next two years, and we ought to be prepared to force the Legislature to pass an enabling act on the subject of State division at the next session, if the Convention of South California, which will probably be held in the meantime, should deem another act necessary.

The reporter of the *Evening Express* is gossamer. He has a mind about buttons, and he says handsome things about himself with a perfect looseness, not caring who knows them. Last evening he bloomed out in a most felicitous and colossal thought. The attempt of J. Porter Ashe to take possession of his child occurred early in the afternoon of Friday. Magnificent opportunity for a display of enterprise! The affair was recounted in Friday evening's *Express*, and yesterday the much previous reporter declared, with the unctious of a cat licking cream, that his paper gave the news ten hours before it appeared in any other journal! The other papers, being published of mornings, they exhibited an affluent lassitude and a lamentable paucity of enterprise in not publishing the previous evening, so as to get Porter Ashe and his child before the public as soon as their evening contemporary. We never were crushed till now.

Mr. and Mrs. Harris Newmark and the younger portion of their family started yesterday for Europe. They will be gone some fifteen months, and will visit England, Ireland and Scotland and the principal countries on the continent. Mr. Newmark has two brothers in Berlin whom he has not seen for twenty years, and he will naturally spend some time with them. The mid-summer he will pass in Switzerland, and next winter in Paris. Mr. Newmark has laid out most inviting trip, and he takes with him the best wishes of every Los Angeles. As a leading merchant of this city for over twenty years, he has been always recognized as a most thorough business man, and universally respected for his commercial integrity and for his public spirit as a citizen. The *Herald* joins with his friends in wishing him and his bon voyage and a safe return.

The State Board of Health has declared the quarantine of Los Angeles off, and raised the siege. That's all well enough; but what is the State Board of Health going to do about protecting us from the leprosy that exists to so alarming a degree in San Francisco? Must we lay calmly on our oars and take a pound of that city's leprosy, when it positively refused to take a hair's weight of our variola? Is this just dealing, Messieurs les Medicos?

Mal Fest.
The annual picnic of the Turnverein Germania of Los Angeles will be given at the Arroyo Seco to-day. The procession of the Turners will leave Turnverein hall at 9 A. M. sharp. The promenade concert, music by the Meise Brothers' Orchestra, will commence at 10 A. M., followed by an exhibition drill and calisthenics by forty Turners. An address will be delivered by H. Forster, the President of the society, followed by a song from the singing section. After the song there will be feats of strength and skill of great interest exhibited, including ladies' races, sack racing, racing for gentlemen over 50 years of age, jumping, vaulting on horses and hop skip and jump. Dancing in the pavilion will be continued all day. Teams will run to the grounds during the day. The L. A. & S. G. V. railroad will send out a train at 10:30 A. M. to the grounds. The same train will return between 4 and 5 o'clock P. M. All the joys of the Mal Fest can be had for fifty cents.

Remarkable Men.

The biggest man in Congress is Representative George T. Barnes, of Alabama, Ga. He tips the beam at a trifle over 300 pounds, and is one of the most popular men in the State. His constituency is proud of him, and he will probably remain in Congress as long as he wants to.

Uncle Elijah Beldower, of Dawson, Ga., failed to attend a recent meeting of the Masonic Lodge, and the members were so surprised at his absence that a committee was sent out to see if he was ill. This was the second time in forty-eight years that Mr. Beldower has missed a meeting.

In the lower part of Coffee county, Ga., lives Stafford Davis, a relative of the ex-President of the Southern Confederacy, who is now 100 years old. He served through the war of 1812 and the Mexican war, but has never received a pension for his services and has never asked for one. When 29 years of age he married a Miss Lot and had four children, grandchildren and great grandchildren to the number of 270. In 1872 his wife died, and recently he led to the altar a blushing bride of fifty summers. Mr. Davis has been strong and hearty until this year, but is now quite feeble.

Perhaps the smallest man of his age now living is James Hogg, of Cedar Springs, Mich. He was born in 1845, and was one of the smallest babies known, weighing only nine ounces. He now weighs but seven and a half pounds, and is only forty-five inches in height. One of the largest men of modern times was Samuel Marbit, who died in England a few weeks ago. He was 8 feet 1 inch high and weighed 680 pounds. The girl of his waist measured 10 feet, and it took a tape-line 30 inches long to encompass the calf of his leg. No horse could be found large enough to carry his body, and it took twenty men to lift the coffin through the window to an open wagon. He was a native of Wilmington, Cambridgehire, and was 55 years old.

John Tipton, a sexagenarian resident of Taylor county, Illinois, has just begun the study of Greek. His life has been one of incessant toil on a farm, with scant opportunities for study, but every year he put aside a small sum out of his earnings, and thinks he has now enough to keep him in comfort for the remainder of his days. He never went to school in his boyhood, and did not learn to read until well on in life.

Washington county, Pa., has a veteran of three wars in Isham White, who says that he was born in Southern Georgia in 1774. He was one of those who fought behind the cotton bales under General Jackson at New Orleans, and thinks it was a battle from his musket that killed General Pakenham, the commander of the British forces on that occasion. He served against the Indians in Florida in 1836, and was a volunteer under General Winfield Scott in Mexico. His love for "Old Hickory" amounts almost to reverence, and he says that he voted for him at every Presidential election.

The shortest reigning monarch is the Emperor of China, who is only five feet high. Emperor William, of Germany, is the tallest, being just six feet high. Prince Albert, of Saxony, nephew of the Emperor, is six feet six inches high, and the Emperor of Russia, 5 feet 11 inches. The tallest man among Eastern nations is Chang, the Chinese giant, who is 7 feet 8 inches. The tallest European is Winkler, a young Austrian, who measures 8 feet 9 inches in stature. —(Exchange).

Unnecessary Misery

Probably as much misery comes from habitual constipation as from any derangement of the functions of the body, and it is difficult to cure, for the reason that no one likes to take the medicines usually prescribed. Hance's Pile Remedy, however, overcomes this difficulty, and they will be found pleasant to the taste of women and children, and safe for all druggists. J. J. Mack & Co. proprietors, San Francisco.

Work's power strengthens and tones the system. The best malt liquor.

Cure for Piles.
Piles are frequently preceded by a sense of weight in the back, loins and lower part of the abdomen, causing the patient to suppose he has some affection of the kidneys or neighboring organs. At times, symptoms of indigestion are present, distention, uneasiness of the stomach, etc. A moisture like perspiration, producing a very disagreeable itching, after getting warm, is a common attendant. Blood, bleeding and itching piles yield at once to the application of Dr. Hance's Pile Remedy, which acts directly upon the parts affected, absorbing the tumors, relieving the intense itching, and effecting a permanent cure. Price 50 cents. Address the Hance Medicine Co., Piquette, O. Sold by F. F. Heinemann.

Soothens and Heals.

Use as directed: If the effect desired is not produced, money will be refunded by C. H. Hance.

A Good Nurse.

There is little to be feared by persons waiting on the sick, if they will use Hance's Pile Remedy freely. In such rooms it should be exposed on a plate or saucer, and the patient should be kept in the fluid diluted. For safety, cleanliness and comfort in the sick-room the fluid is a necessity.

DAILY HERALD.

R. PORTER ASHE.

The Struggle for His Child, Alma.

POSTPONED UNTIL WEDNESDAY

The Aristocratic Parties in Court.
Sheriff Kays Made the Custodian of the Child.

The HERALD yesterday gave an account of the attempt of R. Porter Ashe to get possession of a delicious little three-year-old bit of humanity named Alma, whose last name is Ashe and who is a hostage to fortune brought into this world of sorrow through the union of R. Porter Ashe and Miss May C. Crocker. The writ of habeas corpus applied for Judge Gardner at 2 o'clock and in the meantime the little girl was nicely taken care of by her father at the St. Elmo. By some means or other a lot of questionable detectives had been employed to watch the apartments of Mr. Ashe and see that he did not spirit the child away. The following will show how vigilant the so-called officers were:

Yesterday morning about half past 12 o'clock, Porter Ashe descended the stairs of the St. Elmo hotel with his daughter Alma, in charge of the nurse. While the party was on its way to the carriage which was in waiting to take them out for a drive, a man, who had evidently been on the watch for them, stepped down and asked if the little girl was Miss Ashe. Upon ascertaining that it was, he said that he had been ordered not to let the girl be taken out of the hotel. This being contrary to the order of the court, Mr. Ashe was quite indignant, and questioned the authority of the supposed officer. The man said he had been placed there by Capt. Tyler, of the Police, and after some further talk Porter Ashe went to the office of his attorney, R. F. Del Valle, while the man who had stopped him went to the Police Station. Under Sheriff Mitchell was informed of what was going on and in a few moments the whole party excepting little Alma and Sidney Ashe were engaged in the Police Station, where it was ascertained that the man was not an officer. He gave the name of M. T. Bowler and said he had been placed there by Captain Tyler, but he had not been sworn in. Under Sheriff Mitchell said that he had no right to interfere in any case with the father's possession of the child, since the court had given it to him until 2 o'clock in the afternoon. Mr. Ashe's attorney, when he found that Bowler was not an officer, wanted him put under arrest and tried to get out a warrant in Justice Austin's court, but there was such a press of business there that he decided to go to Justice Taney's court. It appeared shortly after that Bowler had mistaken his orders received from those representing Mrs. Ashe, which were simply to watch to see that the child was not spirited away. Upon this statement being made, no complaint was sworn out and the matter was dropped. In the meantime Sidney Ashe had taken his niece in the carriage and had gone on a pleasant drive to Washington Gardens, and this started the rumor that she had been taken away. Captain Tyler stated that he had given Bowler no orders, but the attorneys for Mrs. Ashe had applied to him for two policemen to watch, and he did not consider that the business of the police department so he refused to let them be used in that connection. They then asked if they knew a good man to watch and he recommended Bowler as a trusty, faithful man, as he was. He had taken Bowler to them and there his connection with the matter was made known. Enough evidence brought to bear on behalf of Bowler to show that it was simply a case of mistaken orders, and when this was made clear, the prosecution intended to be instituted for impersonating an officer was dropped.

While Mr. R. F. Ashe was at the police station he was served with a warrant charging him with carrying concealed weapons. This grew out of the trouble on Friday, the history of which has already been given. A similar warrant was also issued against his brother, Sidney Ashe. The trial of these charges will come up on Monday morning before Justice Austin.

THE PARTIES ARRIVE.
Shortly after 12 o'clock Mrs. E. B. Crocker and Mrs. R. Porter Ashe, accompanied by attorneys Thomas B. Bishop and J. O. B. Gunn, from San Francisco, arrived in the city. These parties immediately went to the court room, and did not meet Mr. Ashe and lunch with him, as an evening paper states. This is entirely incorrect, and it is difficult to see how the paper should have been led into such an error. Mr. and Mrs. Ashe did not speak during yesterday.

Shortly before 2 o'clock Sidney Ashe came down stairs and entered a carriage in front of the St. Elmo. Sheriff Kays stood near the carriage. Presently Mr. Ashe came down with little Alma in his arms. He put the little cherub in the carriage, and becoming impatient at the delay of the nurse, he called to Miss Bridget Ryan, started back to hurry her up. Little Alma cried, "Papa! Oh, papa! Don't leave me," and began to weep. Mr. Ashe returned, and the baby seemed to be perfectly delighted.

Soon the nurse and the carriage started to the Court House. It was followed by another carriage, containing Emil Harris, Martin Aguirre and John Horner, all of whom looked a little ashamed of themselves, and wondered what they were there for.

IN COURT.
Mr. Ashe, Alma and the other parties mentioned, went to the Chambers of Judge Gardner, and the Court-room rapidly filled with a curious crowd. Mrs. Crocker, Mrs. Ashe, Mrs. Bender, Miss Dillman and the attorneys assembled. The Judge then took his place on the bench, and the Ashe party came in.

Judge Brunson, of counsel for petitioner, asked that the case be postponed until 4 o'clock, and that in the meantime the custody of the child be awarded to its grandmother, Mrs. E. B. Crocker. Every lawyer on each side delivered himself of a few legal phrases, and Hon. H. T. Gage and Hon. R. B. Terry had a little tilt on the respective merits of sections 246 and 214 as to who should have charge of a minor child. Judge Gardner said that he would leave the child in the custody of the Sheriff, to be kept in the Court-room and to be produced at 4 o'clock, both parties to have access to it. Mr. Ashe, who during the proceedings had held little Alma on his lap, got up and, with a courtly bow, placed the child in the arms of his mother. The Court then adjourned until 4 o'clock, and the crowd dispersed.

SECOND SESSION.
Promptly at 4 o'clock the Court met and all parties were on hand. There were also several thousand people who were not parties on hand, and Mr.

Bishop moved the exclusion of all but attorneys and witnesses. This was consented to and Deputy Sheriff Cruz speedily cleared the Court-room, kindly overlooking the reporters.

THE PETITION.
Mr. Bishop then read the petition of Mrs. Bender, who applied for the writ, as follows:
The petitioner, Mrs. Jennie Bender, respectfully shows that Alma A. Ashe is unlawfully imprisoned, detained, etc., by R. Porter Ashe and Sidney Ashe; that R. Porter Ashe is the father of the said minor, who is less than three years of age, and that the mother of said child has left the said Ashe, because of his cruelty and dissipated habits, and is about to bring proceedings for divorce against said Porter Ashe, in which she will pray for the custody of said minor child. On account of the habits of said Ashe, he is not a fit and proper person to have the care, custody and control of said infant. That the mother of said infant is living separate and apart from said Ashe, and with her mother, Mrs. E. B. Crocker, and that said mother is absent from Los Angeles, and will return on Saturday, April 30th. That during her absence she left the said infant in the custody of petitioner, and said Porter Ashe and his brother, by force, took said infant from petitioner and threaten to remove it from the State unless prohibited from doing so by this Court. That said infant is delicate and in constant need of a nurse, and that said Ashe has the child in his custody without any nurse; wherefore petitioner prays that Porter and Sidney Ashe be directed to bring said minor before the Court, and that in the meantime the infant be kept within the jurisdiction of the Court.

THE ANSWER.
An answer on the part of Messrs. Ashe was then made, as follows:
R. Porter Ashe and Sidney Ashe, for return to the writ, and order issued in this cause, say: That the said Sidney Ashe does not and has not detained the said child from the custody of the petitioner, nor has he the said Alma Ashe in his custody or under his power or restraint.

R. Porter Ashe, for return, says: First—That he has the said Alma A. Ashe in his custody, and that his authority for so having her in his custody is that he is the father of the said child, Alma A. Ashe, and has never been deprived of the custody, care or education of said child by any lawful authority, and that said child is not over 3 years of age, and is the legitimate child of said Porter Ashe.

Second—That said child is the child of Amy C. Ashe, wife of Porter Ashe. That, on the 24th of April, the mother of the child left said child at Los Angeles in custody of petitioner, and Porter Ashe was absent at the time. On returning April 29th he found the child in the custody of said petitioner, who is an entire stranger in blood to said child. He thereupon took the child into his own custody. He denies that the mother of said child left him on account of his cruelty or despotism, or any fault on his part. He has no information that the mother of the child is about to bring suit for divorce, and he doubts the same.

He denies that R. Porter Ashe is not a fit or proper person to have custody of said child, and says that if the mother of said child is living apart from the said Porter Ashe she does not do so on account of any fault of said Porter Ashe.

He denies that he has threatened to take the child out of the State, and denies that the child is in delicate health and in constant need of a nurse.

Wherefore he prays that an order be made that he have custody of the child. R. F. Del Valle, J. B. Du las Casas, R. E. Terry, Shaw and Damron, attorneys for R. Porter and Sidney Ashe.

MRS. ASHE'S APPLICATION.
The attorneys then read the following from Mrs. Ashe, asking to be substituted as petitioner in place of Mrs. Bender:

In re habeas corpus of Alma A. Ashe.—Comes now Amy C. Ashe, and referring to the traverse of the petition to the answer to writ heretofore issued, she states that she is the mother of said child; that all of the facts alleged in the petition upon which writ issued were and still are true, except that she has returned to the city of Los Angeles. That she is now, and for more than six months last past has been, living separately and apart from her said husband, and she now asks the court that she be allowed to prosecute said writ in her own name, in like manner and with like effect as if she were the original petitioner, and she asks that she be substituted as petitioner in the room and stead of said Jennie Bender, and that she, on the final determination of the same, shall be awarded the custody of said infant.

Signed.] ANY C. ASHE.
Sworn to before Deputy Clerk M. J. Ashmore.

MRS. BENDER'S RELINQUISHMENT.
Mrs. Bender then presented, through her attorney, the following relinquishment of her claims to the child in favor of Mrs. Ashe.

In the application of Jennie Bender, in behalf of A. Ashe, a minor, for a writ of habeas corpus.

Now comes Jennie Bender and for her traverse to the answer of the respondent herein alleges, that the said child, Alma A. Ashe, was by its mother left at the house of its grandmother, in this city, in her care for a few days only, during the temporary absence of its mother and grandmother, in San Francisco; that said mother was absent from Los Angeles only a few days and has now returned, and is now present in court asking the husband for her said child. That said petitioner's application was made in behalf of said mother and not on her behalf, and she asks that her said mother, Amy C. Ashe, be substituted in her place as the petitioner herein.

Signed.] JENNIE BENDER.
Sworn to before Deputy Clerk M. J. Ashmore.

The attorneys for Mr. Ashe asked time to consider the new matters brought up and on agreement the case went over until next Wednesday, at 10 o'clock. After some discussion the custody of the child was remanded to the Sheriff, he to keep the child at some hotel and both the mother and father to have access to it. The Court then adjourned. The attorneys for Mrs. Ashe are Graves & O'Melveny, A. Brunson, Thos. B. Bishop and J. O. B. Gunn, Mr. Graves being the leading attorney.

Mr. Ashe's brother Sidney left last night for San Francisco. The baby was placed at the Nadeau House by Sheriff Kays, and Mrs. Ashe and Mrs. Crocker took room there and practically have charge of little Alma. Porter does not speak to the woman who bears his name and of course could not call upon the child while in its mother care. It is confidently expected that Mrs. Ashe will at once file suit for divorce and that summons will be served on Porter when he returns here next Wednesday. It is said that it will take a very few moments to grant a decree of divorce and give the custody of the child to the mother. On the other hand it is said that Mr. Ashe is now prepared to relinquish all claim to the child because of light of the evidence and to have to make certain charges against the character of his wife which he does not care to make. The whole matter will be reviewed on next Wednesday, and if a divorce suit is brought and a counter suit filed, the

papers that run to sensations and purport details will have to take their coldest rules out and let it run regardless of space.

THE CHILD SAFE.
About midnight word was received from San Francisco that the child had been kidnapped at 9 o'clock and was on its way to that city. A representative of the HERALD went to the Nadeau House immediately upon receipt of the telegram and proceeded to room No. 44, where G. D. Anderson, the Deputy Sheriff, was keeping silent vigil. Mr. Anderson assured the HERALD representative that there was not a word of truth in the rumor. He had only a few moments before seen the child and she was then alive and hearty. To assure himself that little Alma was still there he went to the folding door separating his room from No. 45 where were the child, its nurse and its grandmother, Mrs. E. B. Crocker. As he opened the door he and reporter looked in and could plainly see the form of the child in bed. This was a convincing proof that not even an attempt had been made to abduct the child. There was no other way to get out of the room No. 45 than through the folding doors opening into the Deputy Sheriff's room, since the other door opened into the small hallway was locked and the key in Mr. Anderson's pocket. The room was on the third floor, fronting on First street, and could not well be reached except by a long ladder, and had those in charge of the child desired to take it away they would not have dared to lower it by means of ropes through the window. It was rumored about the hotel that two private detectives had taken up their quarters in the hotel, but inquiry did not develop their names or whereabouts. At one time about 10 o'clock it was thought from appearances about the hotel that some attempt would be made to make the child disappear but Mr. Anderson thought that if such had been the case the project had been given up. He thought the greatest danger would be when little Alma would go out riding in the afternoon, and to prevent such an occurrence the Sheriff would accompany the party himself. At 1 o'clock this morning all was quiet about the rooms and there was no sign of trouble.

DR. GRIFFIN'S CHAMPAGNE.

Public Interest in the Examination Abating.

The examination of Dr. Hamilton Griffin, charged with obtaining money by false pretenses, still continues to occupy the attention of Justice Austin. There was not so much interest taken yesterday by the public generally, owing to other and more stirring matters elsewhere—in fact the attendance during the afternoon was exceedingly small, when compared with that of other days. Those present were either personally or indirectly interested in the proceedings. The testimony of Calvin Elgeton, Geo. A. Johnson and Mrs. W. R. Pitman did not develop many new facts not already published, although there were statements which were opposed to those made on behalf of the prosecution. Dr. Griffin continued his testimony and said that he had paid \$800 for advertising in the various papers, and the afternoon session was devoted by the prosecution to proving that statement wrong.

Robert Farrell testified that Dr. Griffin still owed the HERALD \$470 for advertising in the Dry Sparkling Champagne. He also stated that to his knowledge no money had ever been paid the HERALD on account of the Champagne Company. Harry Chandler, collector for the Times, testified that Dr. Griffin owed \$41.95 for advertising in the Sparkling Champagne, which had not been paid to his knowledge.

W. L. Price testified that none of the money paid to him by Dr. Griffin for advertising had been on the account of the Dry Sparkling Champagne Company, but it had been for the Carolina Smoke Ball Company, and for the Doctor's private account.

Robert Farrell recalled that Dr. Griffin promised to pay on Saturday last. He called on the doctor on that day and Dr. Griffin told him there was to be an allotment of stock on Tuesday and he could call then and get the money. He called then but did not get the money, and again on Wednesday he called but did not get the money.

J. M. Austin, Secretary of the Tribune Publishing Company, testified that Dr. Griffin had paid only \$24.20 on the account of the Champagne Company.

H. F. Hastings, of the Express, testified that Dr. Griffin had paid nothing so far as he knew.

Dr. Griffin took the stand and said he wanted to correct a statement that he had paid \$800 for advertising. He had gone to the HERALD and Times and asked how much he owed and paid the accounts in full as he supposed. The \$800 had been paid out for printing and advertising altogether. It was a misunderstanding for he thought the accounts had been included in the bill presented. He had told Mr. Farrell to call when the shares had been allotted because then they would get in some \$1500 or \$1800 and would pay every thing. Mr. Farrell had presented the bill for \$470 after the other account had been paid.

H. Z. Osborn testified that the bill against the Champagne Co. was \$55. He had a note for \$200 on Mr. Chas. Star, of Pasadena, which was to go to the payment of all bills.

F. L. Morrill testified that he had done printing for the Dry Sparkling Champagne Co. amounting to about \$100, of which \$70 had been paid. Continued until Monday at 2 o'clock.

CRIMINALITIES.

Petit Larceny, Grand Larceny, Assault to Murder.

George McDaniels was charged with petit larceny, and was tried before Justice Austin yesterday, for stealing a coat. After he had been found guilty, Justice Austin asked him where he had obtained a ladies cloak, which he had when arrested. He said he had taken it from a railing at the Flower Festival. He was sentenced to sixty days in the County Jail.

John Lovett, who was charged with grand larceny, for taking a horse belonging to Henry Hammell, was tried in the Superior Court yesterday, and found guilty by the jury. He will be sentenced next week.

John C. Moore, who stabbed Philip Traub down near the depot a week or so ago, was examined yesterday before Justice Austin on a charge of assault to murder and was held to answer in \$1500 bail.

George T. Thompson, who assaulted Special Officer Barber a night or two ago, on the corner of Main and Arcadia streets, was held to answer yesterday by Justice Taney in \$1000 bail on a charge of assault to murder.

A PARO RAID.

Thirty-three Devotees of Fortuna Captured.

Shortly after 9 o'clock last evening Officers Fred Smith, Bosqui, Auble and Gus Smith created quite an excitement in the neighborhood of Spring and Temple streets by raiding a faro game belonging to Koss, over the "Faro Club" saloon. The entrance door at the foot of the stairs was never locked, and the Officers, headed by Fred Smith, entered and proceeded up stairs as if they were regular habitués. When they reached the landing which runs into a door with a round hole for watching purposes, Fred Smith said he wanted to go in, but the door-keeper, recognizing him, turned and fled for the inner apartment. Seeing that no time should be lost in getting in, Fred Smith burst in the door, which was fastened with a very slight lock, and all of the officers rushed through the first room and into the second before the flying door-keeper could close the door. Officer Fred Smith jumped over tables and chairs towards the front windows, to prevent any of the players from escaping. Officer Gus Smith rushed to the back door, and Officer Bosqui went for the tables where the layouts were spread out. Officer Auble remained at the entrance door and kept the players from escaping by that exit. It was a startled crowd which greeted the officers when they made their appearance, and for a few minutes, there was some pretty lively scrambling towards the exits. As it was, two of the players made their escape, one by means of the telegraph pole in front of the building, and another by climbing along the window-sills and over the awnings and porches until he got through the window of an office which had not closed. The officers succeeded in getting control of the situation before any more could make their way out to liberty, and soon had the men, who were like so many sheep, quieted down. The players were taken so by surprise that they had not time to make away with any of the implements belonging to either of the three games which had been running in full blast. The officers captured more ivory chips than could have been furnished by one elephant, besides the racks, card cases and boards. There were forty players altogether in the room when the officers entered. Two of these escaped, five gave their parole to go to the city prison and thirty-three were booked. Of these booked thirty were players and three dealers. The former deposited bail at \$20 apiece and the latter at \$50 each. They all gave fictitious names except Billy Abbott, who knew he could not conceal his identity by means of an alias. The raid was very neatly planned and executed and the result will more than pay the salaries of those officers for a month.

ANOTHER SUIT.

Col. Boyce Wants \$50,000 More of the "Times" Coin.

Last evening Judge W. T. Williams allowed a HERALD man to see a copy of a complaint that will be filed in the Clerk's office to-morrow. The title of the cause is H. H. Boyce vs. The Times Mirror Company, and alleges that the defendant, by the publication in the Times of yesterday of an article headed "Mr. Boyce and his 'Times' Coin," injured said Boyce in the sum of \$50,000. Mr. Boyce makes seventeen counts in his complaint and alleges that each paragraph in the Times editorial is false, defamatory and libelous, and has injured him in his good name, reputation and credit. One of the Times men said the other day that a paper was not thoroughly respectable unless it had an ornamental libel suit on hand, but this might be called a case of "too much of a good thing."

FINANCE AND TRADE.

A Review of the Day's Transactions.

NEW YORK, April 30.—The stock market to-day was the quietest for the week. The opening was generally firm, while Missouri Pacific showed an advance of 3/8. The first few minutes of business was marked by great activity, but the market soon quieted down and the rest of the first half hour, business dull and so remained throughout the rest of the day. The close was dull and steady. Governments, dull and steady; Petroleum opened firm at 68, touched 66 1/2, recovered weak and fell 1 cent in the first half hour, rallied slightly before noon and became steady, and remained so until 4 o'clock, when it broke to 66 1/2, and closed weak at 66 1/2. Sales were 2,000,000 barrels.

OCCIDENTAL PRESBYTERIAN UNIVERSITY.

PURE AIR IS HEALTH FOR THE BODY! EDUCATION IS HEALTH FOR THE SOUL!

And the opportunity to secure both is rarely offered. It can be found now by buying a lot in the

Occidental Heights Tract!

A subdivision of the donation lands of the great Presbyterian College, whose foundations are now being laid. The

OCCIDENTAL UNIVERSITY

Situated just outside the city limits, on the east, on a high plateau, commanding most delightful views in every direction. Free from the fogs which prevail in the western portion of the city, and receiving daily a delightful sea breeze uncontaminated by the smoke and smells of the city.

The proceeds of these lots form the building fund of the University, and they are put on the market at a low price to insure immediate sale. The land is level as a floor, situated near the end of Stevenson avenue, which will soon be the most imposing street in the city, and upon which responsible parties are now under bonds to construct a Street Railroad within a short time. The purest soft water may be had at a depth of 50 feet, and arrangements are being perfected for an abundant supply of pure Mountain Water to be piped to the Tract.

It is the intention of the Trustees to open the College for the reception of students next Fall with the ablest Faculty in the State; and the moment its halls open for instruction the value of these lots will increase five-fold. This is a chance that occurs BUT ONCE IN A LIFETIME. A chance to secure a delightful home, with pure water, pure air, soul-inspiring scenery and the highest possible grade of education at your very door, and all within a short street car ride of the business portion of the city. What can any mortal ask for more? THESE LARGE LEVEL LOTS are for sale from

The Illustrated Herald.

A full supply of the ANNUAL HERALD is now on hand. Newsdealers and others should avail themselves at once to send to their readers. No better evidence of Southern California's advantages could be sent to Eastern friends.

News Notes.

Deputy Sheriff J. C. Cline sent in his resignation yesterday, and it was accepted by Sheriff Kays.

T. D. Gavin, of San Francisco, will occupy the pulpit of the Christian Church, on Temple street, to-day.

Mr. O. H. Bliss reports the rainfall of yesterday at five hundredths of an inch; total for the season, 15.33.

Ticket No. 883 won the lot in the Garvanzo tract, raffled by Lewis Bros. Jake Levy, of 31 Sainevala street, held the lucky ticket.

The Southern California Prohibition club will hold a meeting at Justice Tamm's courtroom, Temple Block, Monday evening, May 24, at 7:30 p. m.

This evening Don M. Cesari will deliver a lecture in Italian at the church of Our Lady of Angeles. All Italians are cordially invited.

The San Diego train, due here at 4:15 o'clock, ran into a bull which stood on the track about 25 miles from San Diego and was detained about an hour. The animal was cut in two by the pilot of the engine which was derailed.

The Southern Pacific Company will place gates at the railway street crossing in Los Angeles, to be closed when trains are approaching or crossing. The first gates will be placed in front of the Southern Pacific freight depot and the work will be commenced to-morrow.

The Los Angeles Baseball Club will to-day cross bats with the Pomona team at the Sixth street park. This will be a very interesting and closely contested game and to add to the enjoyment of the day a fine band has been engaged. There will be a large crowd in attendance.

The special car containing Mrs. E. B. Crocker, Mrs. R. Porter Ashe and their friends arrived yesterday at 12:45 p. m. The car left Oakland about 10:45 p. m. and came through in fourteen hours, including stops. The speed in a straight run when out of the mountains was fifty miles an hour.

There was a lively "norther" yesterday that made an active movement in real estate all over the country, and greatly purified the air. This breeze at 22 miles an hour, in connection with the committee to see that all nuisances are removed have wonderfully improved the atmosphere of the city.

A team attached to a two-horse lumber wagon ran away on Fifth street yesterday evening, at about 7:30 o'clock, and as they tore around the corner of South Spring street, ran into a ditch which is being dug for iron pipe. Both horses fell in, one on top of the other, and the car underneath was considerably injured.

The temperance people will furnish a feast of good things this afternoon and evening. The Band of Hope at 3 p. m., at 108 North Main street; Women's Christian Temperance Union at Armory Hall, at 4 p. m., and the church at the same place, at 7:30 p. m. Among the speakers will be W. Jennings Demorest, of New York; Margaret E. Parker, of England, and Will D. Gould and Rev. Cantine.

The Grand Legion of Select Knights will convene in A. O. U. W. Hall on Monday at 10 a. m., where there will be reports from the grand officers and the election of officers for the coming term. On Tuesday the officers elect will be installed. On the same evening at 7 p. m. there will be a grand parade, after which there will be a public meeting in Armory Hall, followed by a grand ball at the Natchez restaurant, in honor of the visiting delegates and their lady friends. The names of all delegates will be published in the Herald on Monday.

Colonel H. H. Boyce publishes a card elsewhere, in which he denounces as false all the damaging charges made by the Times against him. He declares his ability to show that he is outrageously slandered, and gives earnest that he can do so by having commenced another libel suit against the Times for \$50,000 damages, based upon the editorial article in yesterday's paper headed "Mr. Boyce" and his libel suits.

Boyer's lawyer says that a suit for similar damages will be started every time a defamatory publication against his client is made in the Times. If this kind of warfare is to be continued there are lively times ahead.

As a lawyer and an exponent of Democracy, Mr. Terry stands preeminent. This is the first visit of this genial young gentleman to Los Angeles, and he is delighted with the city and its surroundings.

Accidentally Killed.
News reached the city last evening of a sad accident near Monrovia, resulting in the death of a promising young man. About 3 o'clock in the afternoon J. L. Duval, lately from New York, was driving along in a buggy on his way from the Azusa to his home at Monrovia.

When near the latter place the wheel of the buggy struck a stone in the road and the heavy jolt caused a shotgun which Mr. Duval had in the buggy with him to be discharged. The load passed through the young man's heart, killing him instantly. His father, Mr. J. P. Duval, of 125 East Tenth street, New York, was telegraphed the sad tidings.

A Good Nurse.
Should not hesitate to wait upon those ill with such diseases as smallpox, cholera or scarlet fever. There is little to be feared by persons waiting on the sick if they will use Darby's Prophylactic Fluid freely. In sick rooms it should be exposed on a plate or saucer, and the patient sponged off with the fluid diluted. For safety, cleanliness and comfort in the sick-room the Fluid is indispensable.
